RENTAL CERTIFICATE OF OCCUPANCY REQUIREMENTS

The Saddle Brook Building Department must have the following prior to the issuance of a Certificate of occupancy:

1. Completed Application
2. Payment of the $100 Certificate of Occupancy fee*
3. Approved Inspection
   Inspection Requirements – The following MUST be in good working order.**
   a. Ten-year sealed battery-powered single station smoke alarms on each level and outside of each separate sleeping area.
   b. Carbon monoxide detector within 10 feet of all sleeping areas.
   c. Fire extinguisher within 10 feet of the kitchen and located in the path of egress/exit. Receipt of purchase (dated within 1 year) for extinguisher must be present if there is not a service tag (dated within 1 year) on the extinguisher. See attached sheet for specifics.
   d. For homes where hard wired detectors exist, they must be located in the immediate vicinity of bedrooms, in all bedrooms and in each story within a dwelling unit, including basements. Hard wired detectors may not be replaced with battery operated detectors.
4. Non-owner occupied dwellings must register with Fire Prevention Department.

*All re-inspections will be charged a re-inspection fee equal to the 1st inspection fee for each additional time an inspection official is required to return to the premises, per Municipal Ordinance #1512-11.
**Please note the inspector WILL NOT perform same day re-inspections
DEPARTMENT OF COMMUNITY AFFAIRS  
DIVISION OF FIRE SAFETY  
MEMORANDUM

TO:              ALL LOCAL ENFORCING AGENCIES
FROM:        LOUIS KILMER, CHIEF –BUREAU OF FIRE CODE ENFORCEMENT
SUBJECT:  REQUIREMENTS FOR FIRE EXTINGUISHERS IN ONE- AND TWO-FAMILY DWELLINGS
DATE:        NOVEMBER 15, 2005

The legislature amended and enacted P.L. 1991, c. 92 (C.52:27D-198.1), requiring that all one and two-family dwellings at a change of occupancy be provided with a portable fire extinguisher, in addition to the requirements for smoke and carbon monoxide detectors. This provision does not apply to seasonal rental units. This act was signed into law on April 14, 2005 with an effective date of November 1, 2005.

The regulations were recently made available for public comment. The comment period has ended and the final adoption of the regulations will appear in the New Jersey Register in the near future. The Division of Fire Safety is advising all local enforcing agencies to enforce the regulation; using the guidelines below.

The requirements for the type and placement of the extinguishers are as follows:

1) At least one portable fire extinguisher shall be installed in all one- and two-family dwellings (except seasonal rental units) upon change of occupancy;
2) The extinguisher shall be listed, labeled, charged and operable;
3) The size shall be no smaller than 2A:10B:C, rated for residential use and weigh no more than 10lbs;
4) The hangers or brackets supplied by the manufacturer must be used;
5) The extinguisher must be located within 10 feet of the kitchen;
6) The top of the extinguisher must not be more than 5 feet above the floor;
7) The extinguisher must be visible and in a readily accessible location, free from being blocked by furniture, storage or other items;
8) The extinguisher must be near a room exit or travel path that provides an escape route to the exterior;
9) The extinguisher must be accompanied by an owner’s manual or written information regarding the operation, inspection and maintenance of the extinguisher; and
10) Lastly, the extinguisher must be installed with the operation instructions clearly visible.

New fire extinguishers are not required to be serviced and tagged, as long as the seller or agent can provide proof of purchase or receipt.

Until the proposed regulations have been adopted, the statute should be cited for enforcement purposes. The correct citation is N.J.S.A. 52:27D-198.1.

If you have any questions regarding the implementation of this act or its specific requirements, please contact our Local Assistance Unit at 609-633-6112.
